

**CONTRACTOR CERTIFICATION OF COMPLIANCE WITH
COVID-19 VACCINE REQUIREMENTS
(Revised January 4, 2022)**

Contractor Information:

Contractor name:

Name of Contractor representative:

Contractor phone number:

Contractor email address:

Contractor Certification. On behalf of Contractor, I hereby certify that:

1. Contractor has reviewed and is in compliance with all current County requirements regarding COVID-19 vaccination applicable to contractor’s employees working at County facilities, including but not limited to the requirements in the County’s memorandum regarding COVID-19 Vaccine Requirement for County Personnel (“County Vaccine Policy”), the County’s memorandum regarding Application of COVID-19 Vaccination Requirement to County Contractors, Interns, and Volunteers, all current State and County Health Officer orders, and any other County requirements. These memoranda and current County policies are accessible at <<https://procurement.sccgov.org/doing-business-county/contractor-vaccinations>>. Contractor has also reviewed and is in compliance with the State of California’s July 26, 2021 Public Health Order and December 22, 2021 Public Health Orders. Contractor understands that it is responsible for reviewing and maintaining compliance with all subsequent revisions or amendments to State and County orders and requirements regarding COVID-19.
2. As of the date signed below:
 - a. Contractor understands that it must confirm, and has confirmed, that all of contractor’s workers (including any subcontractor workers) who routinely perform services for the County onsite and share airspace with or proximity to other people at a County facility as part of their services for the County¹ are:
 - i. Fully vaccinated against COVID-19 and, as of January 24, 2022, up-to-date on any boosters for which they are eligible as defined and required in the County Vaccine Policy; **or**

¹ As established in the County’s Memorandum Regarding Application of COVID-19 Vaccination Requirement to County Contractors, Interns, and Volunteers, contractors performing work at closed construction sites are not required to comply with the County’s vaccination requirements, but must comply with all applicable federal, state, and local public health laws, including but not limited to vaccination, testing, and masking requirements.

- ii. Have a legally sufficient and approved medical, disability, or religious exemption from vaccination that has been granted by contractor.
 - b. Contractor has verified and will continue to verify the vaccination status of all staff working on site at any County facility, and has obtained proof of vaccination from its staff in a form consistent with the California Department of Public Health’s Vaccine Records Guidelines and Standards.
3. If contractor seeks to send any workers who are not fully vaccinated and, as of January 24, 2022, up-to-date on boosters for which they are eligible, to any County facility because the contractor has granted them an exemption, contractor shall notify the County in writing by providing a list of any such workers to the COVID-19 Designee for the department that manages the facility where the contractor personnel will be working at least 96 hours in advance of any such worker arriving onsite so that the department has sufficient time to determine whether it will approve the contractor’s requests that its personnel work onsite and, if approved, can ensure that the contractor has complied with all applicable COVID-19 safety requirements for unvaccinated individuals, including, where applicable, regular testing and the use of a fit-tested N95 mask.² Notice must be separately provided to each department that manages a facility where contractor seeks to assign personnel to work onsite. Regardless of exemption status, personnel who are not fully vaccinated and, as of January 24, 2022, up-to-date on boosters for which they are eligible may not work in higher-risk settings at County facilities.³
4. If any of contractor’s workers are noncompliant with vaccination or testing requirements, contractor will notify the County Department for which they are providing services immediately and will not permit those workers to go onsite at a County facility without express written permission from the County.

//

//

//

² If contractor sends workers who are not fully vaccinated and, as of January 24, 2022, up-to-date on boosters for which they are eligible, it is contractor’s obligation to ensure that it has any necessary authorization under the California Confidentiality of Medical Information Act, Cal. Civ. Code §§ 56 *et. seq.*, and under any other laws to share this information with the County.

³ “Higher-Risk Settings” are those identified in the Order of the Health Officer of the County of Santa Clara Requiring Up-to-Date COVID-19 Vaccination of Personnel in Higher-Risk Settings, *available at: <https://covid19.sccgov.org/december-28-2021-booster-health-order>*. There are certain high-risk roles and high-risk areas that are not within higher-risk settings. Regardless of exemption status, effective no later than February 1, 2022, County personnel are not permitted to work in these high-risk roles and high-risk areas if they are not fully vaccinated and, as of January 24, 2022, up-to-date.

5. Contractor will comply with all reasonable requests by the County for documentation demonstrating the contractor's compliance with this Certification.

I verify the truth and accuracy of the statements in this Certification under penalty of perjury under the laws of the State of California.
